

**WELCOME TO  
MAGIC SCHOOL SHOWS**

**Educating and Entertaining  
Grades 1 - 12 for over 40 years**

**We are currently booking  
presentations in the following states:  
Rhode Island, Connecticut,  
Massachusetts, New Hampshire,  
New York**

**These 45 minute school assembly  
presentations are filled with exciting  
visual demonstrations and lots of  
audience participation. Not only will  
your students be amazed and amused  
by the shows, they will have lots to  
think about and actually learn  
something in the process.**

**Each presentation includes an  
educational TEACHER'S GUIDE which  
you may reproduce at the school. It  
reviews everything that was covered in  
the show and includes hand out sheets  
for the students to encourage class-  
room discussions. With this follow-up,  
the students will get more out of the  
presentation than "just a show."**

**Our presenters, personally selected  
and trained by our show directors,  
are professional performers from  
around the country who know how  
to entertain and educate.**

**THE CRITICS SPEAK!**

*"Your balloons are real and magic" Jeffrey, Grade 2*

*"I like wearing my glasses now. I really learned  
a lot about my eyes." Steven, Grade 1*

*"How come when you talk about science, I can  
understand it?" Erin, Grade 4*

*"I never realized that magicians could be so inter-  
esting" Shannon, Grade 6*

Joanne Kohm, Reading Specialist/Consultant  
for the Garden City School in Cranston, RI sent  
the following letter about a recent performance by  
Magic School Shows Director, Bruce Kalver:

*The students and staff at Garden City School  
were delighted with Bruce Kalver's magic  
performance celebrating READING WEEK...  
The Audience participation, bubbling laugh-  
ter, and thunderous applause were testimony  
to the man's expertise... Mr Kalver is a true  
professional who knows children and uses  
the knowledge to evoke astonishment and  
awe from his audience. For nearly an hour, Mr  
Kalver presented magic tricks, optical illusions  
and jokes with an ease that caused hand-  
clapping revelry and beaming smiles from all  
present.*

*If you are searching for an entertainer who  
will engage the audience and have everyone  
feeling elated, look no further. Bruce Kalver,  
Magician, is the one.*
